# WHERE OUR STORY BEGINS

*Every drop has a  
beginning.  
Ours starts beneath  
the ancient argan  
trees of Southern  
Morocco.*

## 📍 Douar Tabatkoukt

Where our story has been growing for generations.

Hidden among the rolling hills of Douar Tabatkoukt, where the argan forest has flourished for centuries, generations of Amazigh women have preserved a precious heritage.

Long before Arganis existed, this knowledge was shared from mother to daughter—patiently, lovingly, through simple daily gestures that became traditions.

Today, these same hands come together within the *Argan Ist Tamarizt Women's Cooperative*, united by one purpose :

*to protect their ancestral know-how while creating a brighter future for their families and community.*

Every harvest reflects the rhythm of nature. Every handcrafted product celebrates authenticity. Every bottle tells a story of resilience, dignity, and women's empowerment.

Because what we create is more than argan oil. It is the spirit of a village, carefully preserved and proudly shared with the world.

*From Our Village, With Love.*

## Our Purpose

What began as a shared tradition became a shared dream. Today, every woman contributes her knowledge while creating new opportunities for herself and her family.

## Our Strength

Together, we preserve centuries of Amazigh craftsmanship while supporting one another through every harvest and every season.

## Our Legacy

Each product carries more than natural ingredients. It carries dignity, resilience, and the spirit of our village.

**We did not simply  
build a cooperative.  
We built a future.**

## Women Creating Their Future

In the heart of Morocco's argan forest, we turn generations of knowledge into natural treasures that nurture people and protect nature.
